

Method Notes

Lucas Cruz Fernandez

July 16, 2021

Contents

1	Description of Setting	2
2	Double/Debiased Machine Learning	2
2.1	The Idea of Orthogonalization	2
2.2	DML for Panel Data	2
2.3	Completely non-parametric approach to DML	2
3	Generalized Random Forest - a better fit?	2
4	What about Ortho Forests?	2

- 1 Description of Setting
- 2 Double/Debiased Machine Learning
 - 2.1 The Idea of Orthogonalization
 - 2.2 DML for Panel Data
 - 2.3 Completely non-parametric approach to DML
- 3 Generalized Random Forest - a better fit?
- 4 What about Ortho Forests?
